

Mecox Gardens is always looking for unique, one-of-a-kind original art, and Hayes's pieces are just that! Each design is a visual delight, and the heart and soul thoughtfully crafted is evident in each detail. The interior designers we work with love them for their special exclusivity ... one does not see dazzling work like Hayes's everywhere! The use of sublime raw materials on chic ordinary objects paired with fun colors is a perfect fit for Mecox. Hayes Hamilton pieces are now in the emporiums of Mecox Palm Beach and 3 other Mecox locations, New York, Dallas and Southampton. Hayes is wonderful to work with, and we consider ourselves lucky to showcase his beautiful original works.
